# LeoLight™

## Bringing you the perfect amount of light or heat, LeoLight™ keeps the flame going.

The LeoLight™ brand is where it all started. With a complete line of food warming and ambiance products for the foodservice world, LeoLight™ is making its name with innovative products like our VIEWS wick chafing fuel, a safer and smarter way for hotels and caterers to warm their food.

## Select the Safest, Most Reliable Burn Time for Every Event

**X Series**
Delivers the fastest heat with the most powerful burn.

**ST Series**
Ensures a consistent flame and optimal heat transfer.

**C Series**
Provides cost efficiency with reusability and balanced performance.

**V Series**
Reduces waste with a clear can design and visible hour markers.

## Tested. Trusted. Driven by Performance

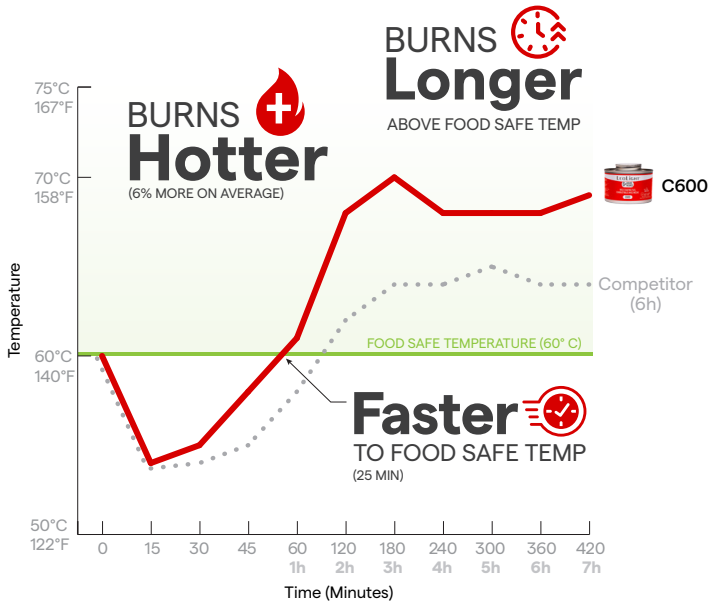
**Maximum Temperature**
Reaches peak heat for optimal food holding.

**Speed to Food-Safe Temperature**
Quickly achieves safe serving conditions.

**Time to Maximum Temperature**
Fastest heat-up to peak burn.

**Advertised Burn Time**
Consistently delivers the promised burn time.

## C600 - LeoLight™ #1 Selling Wick Fuel



*3rd Party testing conducted in controlled environment, on behalf of PICO Hospitality Inc.*

### VIEWS Key Features
### The Advantage is Clear

Non-flammable & spill-resistant — Designed for safe, reliable performance

Hour markers indicate exactly how much burn time is left

Grip ridges add friction to ensure stability on surfaces

Thick fiberglass wick maximizes the heat output while allowing the user to relight again and again

Easy twist-off screw cap design for safe and secure shipping

Clear can allows you to see the level of fuel inside of the can.

# VIDACASA

## The perfect Flameless Solution

Vidacasa's Instant Hot Catering Solutions provide an easy and safe way to serve hot food for catering functions of an hour or less. Our water-activated heat blaster packs, combined with our patented instant hot durable buffetware, allow for quick setup and easy cleanup without the use of potentially dangerous gel chafing fuel.

## Hot Food in 3 Easy Steps!

No Flame, No Risk, No Mess.

STEP 1

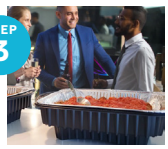
**Add Heat Blaster**
Set up your Instant Hot Buffetware (or buffetware with insert) and add Heat Blaster packet.

STEP 2

**Add Water**
Add a small amount of water.
Wait 1 minute.

*TIP: Warmer water = faster activation!*

STEP 3



**Serve!**
Transport and serve! Perfect for delivery service and quick catering.
